Examiner's Statement of Reasons for Allowance

1. Claims 1-3, 8-10 and 15-17 are allowable over the prior of records.
2. The following is an Examiner's statement of reasons for the indication of allowable subject matter: Claims 1, 8 and 15 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior arts. Prior art cited the bus arbiter which a bus controller and the arbiter performs only bus control by arbitration. The prior art cited fails to teach a system bus controller performing two functions 1) bus controller. 2) dynamically mapping address spaces of the slaves devices as indicated in the claims "the system bus controller interfacing to the N master processors via N master buses and dynamically mapping address spaces of the P slave devices".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
